### PROPERTIES AND ADVANTAGES

Bubble is a polyester fabric entirely manufactured and tested in Italy which has been studied for the upholstered furniture sector. Made applying special technical finishings that reduce height and increase thickness of the geometrical shapes on the surface. This fabric is highly resistant and both its warp and weft are 100% fireproof. Since it has successfully passed the most exacting reaction to fire tests, it can be used in the professional and hospitality/ contract settings. Bubble mixes together the elegance, the embracing materials and the prestige of traditional home fabrics with the resistance and the high technical performances typical of contract textile.
