

BONALDO

By, By met

Designer: Bartoli Design

By represents not only a chair, but a true object of affection, an element that gives positive qualities to the spaces of our daily life. By is a chair with a steel frame, comfortable padding in cold foamed polyurethane and upholstery in leather, eco-leather or fabric. The legs, made of solid ash-wood, are available in two chromatic variants. In the By met variant, the

legs are in painted metal or in elegant chrome or black nickel finishes. The design of By and By met is characterised by the line in the middle of the backrest: a sign that becomes a refined sartorial detail, highlighting the exquisite craftsmanship for a result of great versatility, suitable for a use that ranges from the domestic habitat to contract spaces.
